

ONE DAY WORKSHOP

Contact

2nd February 2009

North West

Theme

Contact is often a hotly argued issue during care proceedings. As children settle into permanent placements, there can be very divergent views about the purpose, format and frequency of contact. This workshop will consider the issues and dilemmas in planning and reviewing contact, give an overview of the research, weigh the perspectives of all parties involved in contact arrangements and help participants identify what needs the contact is meeting for the child.
